Run #876 on Dec 18 was attended by a respectable 18 hashers. The co hares; **Sir Cums** and **Captain Pissup**/Santa had a challenge with the markings because of those bloody school children making snow angels on top of them.

At the end of the run there was an amazing close where every house was decorated and we had our Hash hole there. Someone, I won't say who, got lost and could not write a lot about the run. So, I wrote a song instead

Mama don't let your babies grow up to be hashers  
Don't let 'em pick on-ons and use those old runners  
Make 'em be swimmers and bikers and such

Mama don't your babies grow up to be hashers  
They'll never stay home and they're always alone  
Especially, when they get lost.

Hashers ain't easy to love and they're harder to catch  
And they'd rather give you a beer than diamonds or gold  
Halogen headlamps and old faded runners  
And each week begins a new run  
And if you don't understand them and why they don't die young  
They'll probably just run away

Mama don't your babies grow up to be hashers...  
Hashers like lengthy old prelubes, clear evening sky lines,  
Nice warm mittens and shooters, runs in the night  
.....etc

On On at LBG's was also very nice with 8 people and 8 lbs of wings.
