“Never Let the Truth or Libel Laws  
Stand in the Way of a Good Story”

Run# 878 – December 30<sup>TH</sup>

Hare(s) : Pleasure Chest & Slippery When Wet

Location: Red Deer Catholic Regional School

Prelube: Murph's Pub

On On: Tap house

Scribe: Chips A Whore

I volunteered to scribe the last scribe of the year That's  
2015 in case you're unclear

Murph's for the prelube is what we were told  
We showed up a little late what a sight to behold

**Mount Me** was there which was nice to see  
Along with the hares and Drippy and me

**Sir Mobey's** arrived to have a quick Pil  
Never made it to the run though, was just gonna chill

We headed off to the run in a spot we'd never been  
Behind village mall at a school for religious pre-teens

You had to be crafty to drive to this location  
**Cum See my Box** must have gave up in frustration

10 minutes after seven we waited to start  
Did the names, the markings now we are ready to depart

On arrow we go to go behind village mall  
But straight into a falsey our progress to stall

Now back towards Gaetz Ave the runners all trek  
We then hit a checking so **Broken Boner** and I would  
check

We had chosen poorly so we had to come back  
The hare then led us the opposite way on a whole  
different track

We ended up running down the slope of the North Hill  
It was quite slippery and we could have been killed

We arrived at the bottom alive safe and sound  
We crossed path with the walkers who were  
standing around

We took off into Fairview , I mean Riverside  
Meadows  
Then we lost **Cum Honor** where? Who bloody  
knows?

It appeared he decided to join the walking group  
1 km in and he tired and needs to recoup

We ran down by the river and we ran for a while  
**Boner** and I checking false trails which became our  
new style

At times the blue flour was hard to see in the snow  
Sometimes we were on trail sometimes we didn't  
know

We made our way back towards the skating rink  
Whoever set this trail was kind of a dink

Oh wait there's a hash hold so I take it back  
Hot Chocolate and Baileys but alas there's no  
snack

That's ok I guess as it's the first of the hash holds  
I forgot to mention there are two so we were told

We warm up the bellies and up a huge massive hill  
I guess what went down must go up, we know the  
drill

We ran up by the North Hill Store and around for a  
bit  
Then back down the 7-11 hill those pieces of shit

We know at the bottom there's a bad set of stairs  
We know your plan you dastardly hares

Of course we are right and back up we go.  
We are now getting tired and starting to slow

At the top of the hill we see a Beer Near  
I was fucking elated we were almost in the clear

Me and **Boner** fucked up and ran the wrong way  
It was par for the course and the norm for this day

At the hash hold we enjoyed some beer and some  
snacks

There were chips, pepperoni and cream cheese  
thingy stacks

On In is called so we pack up and leave  
There must be some punishments somewhere up  
my sleeve

I pour all the drinks with information I acquire  
Then we notice that **Mount Me** has a completely  
flat tire

So as good hashers go we all join in to assist  
If it happened to me I know I'd be pissed

**Cum Honor** tried for an hour to unhook the jack  
While 3 other people tried to remove the spare tire  
from the back

It was apparent that our skill sets were less than ok  
So after an hour we called AMA

Curb Crawler showed up around this time  
He was busy setting up for New Years which isn't a  
crime

Time to hand out the punishments for the actions of  
this run  
The beers have been poured for an hour now time  
to shotgun

Mix both the cold and the timeline, so to suffice  
The beer was now solid and it was solid ice

The down downs still had to go down so we sang all  
the songs  
Which we heard in entirety as drinking ice can take  
long

AMA shows up and fixes the flat  
Announcements are told telling where the ONON is  
at

Everyone's off and have went on their way  
Excellent run hares... I really do have to say

On On
