Well, I guess its pick on **Pucker** day since I was all of 2 min behind the 7 o' clock bell for circle up. 2 min! Where are the 5's, the 10's!!!! Alas, I was alone in my waiting, and so here is your (mine) recollections of the evening.

There were 12ish hashers whom showed up for our misfortunate Hares: **Swings both Ways** and **Pleasure Chest**. There was our always relentless RA: **Chips a Whore**, his Co-RA: **Sir Cums a Lot**, and his other Co-RA; the all merciful **Pucker Sucker** (me!). There was a **Wee** and a **Cum See**, **A Wet D** and a **Don't Know D**, **A Dripping Wet G**, and WHO could forget a **Slippery When Wet** (wetter the Better!).

We met at McKenzie Trails and from there we squirted off into the night! On ON was soon called out and the pursuance of Beer and other goodies commenced. It wasn't long till we found the first Check, **Chips** hooked left and I hooked right around the lips, but I was not right... had to back track to get into the proper position for penetration of the FRB. On On again till the next check, this one did a swirl and took off up the wall, only to be fruited with a big fat X. Drippy then noted the running hare had somehow found herself on the other side of the Hymen. Follow we had to, back to trail and past the slow swimmers (walking wankers) into the deep dark bush. We got lost and flipped and turned upside down, some headed to the urethra, others the fallopian tubes... our trail was getting sparse and desperate as we searched for our Glory.

Soon a bright light appeared and we forced our way In! Was this it, was this our Moment?! OHHHHHH YES! Yes! YES! So good it Burned!! (there was a fire after all). We got our Beer and Chips and other sinful delights.

Back at circle up as we basked in the afterglow, we learned what McKenzie Trails is actually used for after dark, Pot and Periscoping! Our high audience had to witness various acts of oral satisfaction while we doused our punishmentees. Overall.. a Super Satiating experience.
