Hare: Hard On & Slippery When Wet

Location: Safety City

Prelube : Canadian Brewhouse

On On: Mr Mikes

Scribe: Mustang Sally

Many a harsher arrived for what would prove to be a dry run the first one in a while apparently,

I was able to arrive topless. The pack was eager to start we had two virgins **Holly** and **Brent**, along with **Pecker Checker** is he still a visitor? and of course the revered **Nookie**. Our hare then entered the circle and started to explain trail, he had developed a new delivery system for the flour but it required much pulling, tugging, Thrusting and hand changes to get the markings down. At one point the lovely **Slippery** yelled just hit it straight down and it will work. After what seemed like hours **Hard On** was tired but finished with a look of relief.

We then proceeded to follow the arrow that was not strait but bent and off we went. The runners as usual left us in the dust. We proceeded on a picturesque walk through the Mitchner grounds with only a small incident happening to mar the fresh air. We walked and talked and found the runners by the church on highway 11 east. I thought that maybe they were going to run up to parkland nursery the way they shot off but no they ambled behind the church to find the hash hold guarded by **Nookie**, and **Premmie**.

After much swill and visiting when I found out many things we returned to the start and proceeded to circle up. Where do I begin, we welcomed the virgins in the usual way.

The hares were thanked Hard on will have beard soup later. Then punishments were handed out. **Rochelle** and **Brent** along with **Chips** were punished for discussing the R word. Our reigning FRB'S plus one were planked for doing what they do. **Cum Honor** was punished for having conjugal interactions with a canine for over an hour and bragging about it. He was also punished for air pollution during the walk. Other punishments were handed out but I can't remember.

The on on was at Mr Mikes.

Another great run I agree with **Chips**.
