The Trail of Errors!

It was a lovely evening to circle up by the Lutheran Church for us unchurch like folk. We all introduced ourselves in our Thursday best hasher suits to the 2 sacrificial virgins brought in by **Pleasure Chest, Claude** and (fuck me I cant remember the other one's name... but lets call her.. unhashofficially) **Frenchy McCantWalkaStraightLine**. Our elegant yet naughty hares: **Slippery When Wet** and (very last minute) **Rochelle** proceeded to explain the Trail promising heaps and mounds of flour starting with an arrow that could never lie and an SP (?). A scribe was called for, and I carped the opportunity to write the wrongs. You're Welcome.

Off we go toward the thicket, only to be betrayed by that X we've all come to like and loathe, so another way we went and had to be mildly misdirected by our running hare Rochelle. **Pleasure Chest** had to break off early for a squat and **Broken Boner** found flour in the deep bush (possibly **Pleasure's**) and we finally had some ground to cover. **Boner** and I hit a green light and passed a few walkers including **Wet Denim, Cum See My Box, Hymen Trouble, Don't Know Dick, and Nadine**. We heard calls of On Hare but weren't fooled as we had found flour leading a separate way, which happened to hit another X, how fitting. Down we traversed into the Kin Canyon area and found an SP which the Dublin hash dubbed a scenic point, but **Curb** had other ideas and redubbed it a Scenic Piss.

We found one another at the Scenic Piss, but we did not find trail. We headed left, right, straight, gay, until our Hare 69'd us the right way. I followed **Amanda** and we hit flour again, although you wouldn't know it as with her Ninja reflexes, she has a ninja voice. But one thing I did hear from afar far away was the shrieking shrill cry of **Chips A Whore** as he went arse over tit in the muck (Ok, it might have been **Rochelle** whom he made shriek, but I think the latter gives a good mental image).

Eventually a Near Beer was seen (so I'm told) and Hash Hold commenced with lots of goodies and "activities" behind dumpsters.

Back at Circle Up we punished our Hares, and rewarded our Virgins. **Crash** set a record of not Crashing and had to down one for that. **Amanda** had to clear her throat with a beer so we can hear her ON ON's next run, **Chips** handled himself for his bruised bottom and even did it with his Sleeve!! I was punished (for reals, it was water) for shortcutting... Whaaaaaaat?! And to finish the job, we had a naming- since **Rochelle** is that chick that **Slippery** calls when she needs to get it last minute, she will for now and forevermore be **BOOTY CALL**. Congrats **Booty Call!!!**
