The **Itchy Drippy** Halloween run!

It was a dark and stormy night. We circled up by the pig that **Hymen** likes to ride and huddled together wide-eyed, waiting for our well-dressed hares, **Itchy Tits** dressed like a voodoo doll and **Dripping Wet Gap** as a zombie. After admiring all the costumes, RA **Chips a Whore** aka 'the Fonz' circled us up & the show was on. Virgin hare **Itchy** was a little unsure of the marks she was putting down but we thought we would be OK with veteran **Drippy** to guide us, so we all set off in 2 different directions. But little did we know what was to befall us.

The runners disappeared into the dark on a few false trails and check backs with Pikachu **Pucker Sucker** in the lead and Camouflaged **Curb Crawler** and Peter Pumpkinhead, **Sir Cums A lot** trailing. Somewhere in the pack were **Pleasure Chest, Chips, Wet Spot, Mobeys dick, Booty Call, Rebecca, Whore Slayer, Ambisextrous** and her virgin friend **Walter**.

We walkers were led by **Itchy**, who walks very fast-very very fast, but still managed to keep the group together... we had the slower group, birthday girl **Deep Throat, CheapNEasy**, and the pregnant (great excuse) **Polar Her Express**, as well as myself, **Don't know Dick** and **Blowing Ho's** keeping up with the hare.

I was pleased with my 'Pretty in Pink' outfit but got several yells of 'ya Motley Crew' so apparently my pink tutu was invisible! We regrouped by accident by the Husky gas station, where some of the walkers used the facility, and saw **Whore Slayer** decorated with his purple underwear and suspenders courtesy of the RA, running back uptown by himself. **Blowin Ho's** showed up feeling lucky that he didn't get arrested as a Peeping Tom while peeing in an alley outside some girl's window! The runners headed towards Rotary Park, where they scared an escaped mental patient into traffic and then spent quite a while trying to calm her down and get her somewhere safe. Apparently, **Drippy** didn't comprehend that she shouldn't be helping a psychotic person while dressed as a very scary zombie but **Ambisextrous** saved the day and got the bad tripper off the street.

Then the runners went up and down the big hill a few times and then through the park a few times to look for beer. The walkers also went up-and-down the effing big hill courtesy of their lying hare (not really a Virgin at this point).. Avoiding cars in the fog on Spruce Drive, we eventually ended up on the right side of the creek and also headed thru Coronation Park to look for beer. **Cheap** became concerned that we were missing **Blowing Ho's** but we soon spotted him sneaking around the trees like he was hiding. A little hard to do when he was wearing reflective stripes on his coat. But he tried to jump out at us without scaring the pregnant lady too badly. I think **Deep** and **Polar** scared him more.

We found the Hash Hold van where it was supposed to be, but then Itchy set off the alarm which alerted the neighbours and they all watched **Blowing Ho's** trying to break into a van. Of course the rest of us hid, until he finally got it open just as the runners came by. So we hid again, letting them run another mile before they found the check back. Payback is great!!! The walkers drank all the beer but saved the awesome cupcakes baked by the little **Chip & Drippys** to share with the runners.

We returned for downtowns, and to reward **Walter** for not getting lost on his first run, Deep for her birthday, **Wet Spot** for showing up by herself and looking really hot, **Whore Slayer** for not dressing up, and **Dirty Pole** (again) for knocking up **Polar**. It was a great run followed by a great OnOn at Original Joes.
