Late Scribe! Shit that's me!!

So last week's run was short and sweet for those who braved the chilly temperatures!

Started out bundled and warm but cooled off a bit waiting for the birthday boy, **Wee** who was "on his way" at 7.

Runners took off and walkers had a slippery penguin shuffle along the icy streets until we entered the enchanted snowy forest where we saw the tracks of the deer that had been chasing **Drippy** on her run.

Arrived at **Cum Honor** and **Wrecked Anal's** bachelor garage hash hole just in time to not freeze solid! couches, blankets, beer and snacks provided. Even space heaters, when the breaker wasn't blown:) In came **Drippy** looking like Ms Clause with her whorefrost eyelashes and hair!

Finally the rest of the runners arrived with a tale of having to go back to the start looking for **Drippy** who was hanging with us the whole time!

Pleasure Chest arrived with her 2nd set of a dozen eggs in 2 weeks...highly suspicious!

Night ended with a punishment/reward, however legit for all, thanks to gangrene toe **Sir Cums** for arriving with the swill just in time.

Thanks for a good night, glad I froze my ass off for it:)
