“Never Let the Truth or Libel Laws  
Stand in the Way of a Good Story”

Run #974– Nov. 2<sup>nd</sup>, 2017

Hare(s): **Wet Spot (virgin run) & Cum Honour**

Location: St. Theresa School, 190 Glendale BLVD

Prelube: Blarney Stone

On On: Mr. Mikes

Scribe: **Slippery When Wet (again)**

I promise this one will not be three pages. There is only one tale to tell.

The first thing to note were the daring hashers who came out to brave the weather. It was after all the first real winter run of the season.

**Broken Boner**, wearing pants, was sitting alone when I arrived. **Curb** and **Don't Know Dick** came in next. **Booty Call** graced us with her presence but only for Prelube. **Wet Spot** and **Cum Honour** were the last to arrive. Do you think they were setting last minute trail?? **Booty** was trying to convince us to stay as she just bought 4 new rubbers. Temping, but as **Curb** pointed out we were odd in numbers.

At the run we met **Humidities** who was doing the snow dance and **Pleasure Chest** who was doing the stay warm dance and **Doggie** who was not dancing at all. There were more hashers to cum but we didn't see them until later.

The second thing to note was the choice of chalk colour of the virgin run set by **Wet Spot**: Deep crimson red. hmmm. No one actually saw any flour on trail because of the constantly falling snow but we did see the chalk during circle up. **Cum Honour**, our running hare had to carry the bottle of flour so he could show us slow pokes the way. A punishable offence for sure but we were afraid to challenge him since he had recently shaved his head and we were not sure of his mental state. Turns out he is ok. He just shaved his head for his Halloween Costume. That's not weird at all.

After circling their house a few times we finally arrived at the hash hold. We were greeted by the walkers, **Wet Spot** and **Doggie** who were looking like they had been there the whole time. The last of the hashers, **Cheap N' Easy** and **Blowin' Hose** arrived just in time with the swill. Thanks. Even though **Blowin'** did not want to come out on a night like this **Cheap** made it worth his while. She offered him a beer. Get yer mind out of the gutter. Last but not least **Wrecked Anal** arrived to partake in the festivities/punishments.

**Doggie** was punished for cuming out on the coldest run of the year so he could walk alone with **Wet Spot**. **Humidities** was punished for never cuming to **Cum Honour's** house before and for doing the snow dance. And I, **Slippery When Wet**, was punished for requesting flour on trail. Maybe we should re-evaluate the RA's mental status on a run by run basis. I also punished **Wrecked Anal** for his two missing scribes and **Wet Spot** for not appointing a scribe.

OnOn to the OnOn.

We went to Mr. Mikes where we got free shots! Ha Ha. Yum! Apple pie something or other. Manager Riley was very happy to see us. He told me about a half M (bad word) he is going to be doing in Las Vegas next week. No wonder he's not a hasher.

Noteworthy at the onon I had very interesting convos with **Curb**, **Boner** and **Don't know Dick**. Cat shooting, raw liver consuming, cysts and boils and sister weekend festivities were some of the highlights. Only one of those conversations was normal. Thank god for Dick. On that note, I bid you a farewell.
