DEER DROPPINGS

Run #981– Dec. 21st, 2017

Hare(s): **Broken Boner & Doggie Style**

Location: Kiwanis Picnic Park

Prelube: Sam’s North (for the last time)

On On: Mr. Mikes

Scribe: **Slippery When Wet**

Thanks for having me as a substitute teacher for your class but FYI, I found your students difficult, mean spirited, and delinquent.

Merry Christmas and never call me again.

Class 1 -Prelube

Roll Call;
Broken Boner
Humidittities
Don’t know Dick
Slippery When Wet

It was a small group in which to connect with. Even though half of them did not show for this early class it was relatively well behaved- although I would not have served alcohol as you will see in my sub notes to follow.

Class 2 Circle Up

Roll call
Broken Boner (hare) (constantly on his phone)
Doggie Style (co-hare) (trouble maker)
Wee Little Bladder (reluctant RA- confused a lot)
Captn’ Piss Up (long time-no-see, skipper)
Pucker Sucker (hash cash- better count it)
Humidittities (completely out of control)
Cum See My Box (skipped most of the day)
Whore Sleigher (showed up drunk)
Don’t know Dick (sick and spreading germs)
Mustang Sally (promises to do better)
Slippery When Wet (was not prepared for class)

This was a little unorganized. No one knew who the RA was and what their job description entailed. We finally had **Wee Little Bladder** fill the role. After **Broken Boner** and **Doggie Style** settled down we started the class. They drew all over the ground with dark red flour. Sorry, I could not clean up. As per your attendance sheet two of your constant skippers; **Captn’** and **Cum See** decided to grace us with their presence but I’m not sure if they participated as I did not see them again until class 4. In fact many others were a ‘no show’ until then as well. –**Doggie, Wee, Don’t Know, and Mustang. Doggie** had his backpack full of contraband but before I could confiscate it the class ended and I needed to prepare for the next class

Class 3 The Run

I felt like leaving but I do not quit in the middle of a job and the run was no better. Everyone took off in different directions and I could not keep up. **Pucker** and **Whore Sleigher** took off for most of the class. I doubt they even participated. The false trails and check backs were abundant and very mean spirited. The constant yelling on trail was strange and I wondered if everyone was drunk, high or both. **Humidittities** showed signs of delusion as she ran through the trees going on about their beauty.

The highlight was the amazing lights at the end of the class. Your students showed a little humanity so I decided to stay.

Class 3 Hash Hold

What kind of nonsense is this? Drinking beer and wine in the middle of a field. Eating Cheezies, Beef Jerky, and peperoni sticks that are not on the approved health menu set out by the school? As much as I tried to keep them from breaking every school rule they ignored me. Also, another Antisocial showed up. **Preemie**. You would think with his advanced age he would have behaved better but this was not the case. He showed up drunk and needed help getting up off the ground. Sadly, many of your students already have children, full time jobs and records. I had many good discussions with them in this class. They are ok one on one.

I had two classes to go. I was in the home stretch. Sometimes you have to know when you're beat. I drank the wine. I ate the Jerky.

Class 4 On in and Circle up 2

Finally, punishments! I like punishments. I drank more wine and watched **Doggie** and **Boner** get disciplined for setting such a long and slippery trail. **Captn'** got it for skipping too many classes and **Wee** for celebrating a birthday in a foreign land. Is he even allowed to leave the country? He kept on asking for Mitzi. Paranoid delusional disorder I am thinking. I laughed when **Whore Sleigher** and a few others took their due talking-tos but you must insist on more traditional reprimands like the strap or a whack with a stick. The profanity alone is deserving of at least one lashing.

By the way, the wild laughter coming out of **Mustang Sally** warrants a full psych review. I would also be happy to submit my findings regarding **Humidities** obsession with snow.

Class 5 ONON

Some people think it's okay to miss the entire day but show up for the last class. I hope you punish **Cum Honour, Wet Spot and Deep Throat** when you get back. Their excuses were weak and transparent.

Also, **Captn', Mustang, Pucker, Preemie** and **Whore Sleigher** decided to ditch last class.

More alcohol and thankfully food was served in this block. The behaviour did not improve but with future felons your best hope to get out alive.

Please let me know if you need me to testify in a court of law for any future criminal conduct. I may be about to give evidence regarding their delinquent behaviour and their potential to re-offend.
