Slippery When Wet's St. Paddy's Day Quest.

O Slippery! O Slippery! Our fateful trek is on. Weather excellent, the sky still lit, the promise of a gentle snow, we with eager faces met, and only 3 below! With not a virgin for sacrifice, many Hashers cower'd at home, our happy company gathered quick, upon the grounds at St. Ecole.

Chips A'Whore cried “circle up!” to the few brave souls to heel, comparing our Greens and what we owed, **Dripping Wet Gap's** sure list revealed. She struck us dumb with shrewd accounting and donned a helmet mighty, surveying us with engorged horns of a drained dead Viking blighty.

Slippery slashed out her drops of green, a marker of clover leaf, setting her trail that lead our way, through 30% grim and 70% “so-so” icy sheef. A challenge **Slipp'ry** spoke to us at the last, to collect coins of Green and Gold, by hailing each other for one sweet kiss, of the Emerald Klan keen and bold.

OnOn we went! OnOn we flew! Our eager faces searching, for dull green markers clearly set, now disappeared and sent us lurching. “Where the fuck do we go?!” **Broken Boner** called, tracing for the track, but **Humididities** and brave Hare **Slipp'ry**, guided our way back!

Over ice and snow we heard the crack as **Whore Sleigher** raced away, with snowflakes floating down now fast, tall Leprechauns made their way. **Wee Little Bladder** and **Don't Know Dick** without a pulse nor will, used their bow tie of green enchantment, and all maintained their chill. So through the streets we coursed and slid, all giddy with delight, calling “OnOn” and grumbling “checking”, as day gave way to night.

Exalt O shores! And Ring O Bells! Our company had arrived, and no sooner had we stopped to rest, into the beer we dived! **Chips** cheered us as we gathered, **Whore Sleigher** found at last, with **Broken Boner** still grumbling of the trail, and the **New Guy** gulping fast.

Humididities then slipped and slid, upon a gleaming stretch, but the prize we all had sought she'd won, the bloody little wretch! Enjoy yer sox, and keep those cox away from your tender *patch*, I doubt you fairly won yer prize, ya skivvy little *snaa*... turkey.

Then up onto the snow piled high, we climbed to record our quest, a selfie for a laugh and smile, to show off to the rest. For, what can be remembered now, of our trail lost in the snow, but mournful treads and a Dream Triumphant, where only us Hashers go!
